Force of 800 Superforts Attacks Jap Home Cities

1,035 Ships And Small Craft Are Sunk or Damaged

The war news in the South Pacific sounded encouraging this morning as reports came over the wire and air telling that the largest task force of Superfortresses ever to attack Japan—approximately 800—struck five home islands yesterday and were continuing the fight today. According to reports from Washington, the prediction is that the war in Japan will be over by this time next year.

Combined carrier and land-based plane attacks cost Japan approximately 1,546 ships and small craft sunk or damaged in her home waters in July and more than 1,300 of her warplanes destroyed or wrecked. Reports from the War Department announced that July was the costliest month to Japan of any month in time in history.

Adm. Halsey's Third Fleet carrier planes, including some 250 British aircraft, alone destroyed or damaged 1,035 Japanese ships and small craft in 21 days of almost ceaseless assaults with torpedoes, bombs, rockets and 50 caliber bullets. They accounted for 1,278 aircraft, most of which were caught on the ground.

Land-based planes in Adm. Nimitz's command sank another 85 vessels, mostly freighters and cargo ships, and damaged 176 and destroyed or damaged 53 Japanese planes.

The Far East Air Forces immobilized 250 Japanese ships or small craft totaling 250,000 tons after they began operating from Okinawa bases early in July, Gen. MacArthur's command said today.

The totals include many scores of barges, tugboats and other small craft but exclude many communications reports of "several" or "a number" of vessels sunk or damaged. They also exclude the number of Japanese planes wrecked by the FEAF by B-29's or by B-29's carrying Mustangs, figures for which are not available.

LA Gen. Barney M. Giles, deputy commander of the U.S. Army Strategic Air Force, said today that B-29's would step up their tempo "until the war lords are forced to unconditional surrender." He promised 8,000-ton bomb raids by forces of 1,200 Superforts.

In addition to their toll of ships and aircraft, Yank fliers inflicted

Tick Tock???

"Listen... Did you hear it? What is that noise?" exclaimed the bewildered younger generation. As the old-timers listened to the unfamiliar sound, mixed expressions of amazement and doubt crossed their faces. "Why? Why it sounds like... No, that's impossible!" they reassured themselves. But as more and more people heard it, the truth became known—WAS the old town clock striking.

Facts are few, and veils of mystery still surround the rejuvenation of the old ticker. But this is entirely fitting, because in mystery the clock's departure, and in mystery they should return. But there's only one catch to it—don't be too demanding of the exactness of the number of strikes, just sit back and enjoy the melodious peals for beauty's sake.

this devastation on ground installations.

Damaged—19 war factories, including firing of the four main buildings of the government subsidized Kanto Special Steel Company, which turns out such special products as ball bearings and gun barrels, and the Japan International Aircraft Company which manufactures bombs (a suicide bomb) and was believed to be only propeller factory still operative before Monday's attack. Both of these factories were located at Hiratsuka, 30 miles south of Tokyo.

CALLOWAY COUNTY TO HAVE DAIRY AND BEEF CATTLE SHOW IN SEPT.

Due to war conditions the board of directors of the Calloway County Fair Association have deemed it wise to limit the activities of this nature for the county to a dairy and beef cattle show. Plans are well under way and premium lists are being made up for the Jersey show and the 4-H and F.F.A. Dairy Club show which will be held the week of September 16. The Beef Cattle Show, both club and open classes, will be held the week of November, the date to be set later. Labor, printing and other expenses will be held at a very low figure and a high percentage of money solicited for the show will be applied to a substantial premium list.

The 4-H Club and the Future Farmers have been doing a splendid piece of work in the county this year and these boys and girls will have a show of cattle which will be a credit to our county and will be worthy of the cooperation and support of every progressive citizen.

It is planned to have all Jersey cattle tested for Bang's disease before entry into the show. With these precautions, and with a great interest that is being once again taken in better livestock in Calloway county, it is believed that the cattle shows of this year can be made among the best in the state. Citizens of Murray and Calloway county will have opportunity to support this Fair by contributions to the quota which has been set up by the Board of Directors of the County Fair Association as a minimum amount necessary to defray the cost of the program.

A. Carman, George Hart and Max B. Hurt have been appointed as a finance committee to raise the fund.

Four colleges are on the Thoroughbred's football schedule for the first time—Arkansas Tech, Kirksville (Mo.) Teachers, Chattanooga University, and Ohio University.

After a year's intermission, Murray resumed football last fall under the coaching of Mr. Stewart. Murray's regular football coach is Lt. Jim Moore who was given a leave of absence when he was commissioned by the Navy.

After losing the first two games last season, the Murray Thoroughbreds won the five remaining games. The only foe on the 1945 card that played Murray last year is Illinois Wesleyan of Bloomington, Ill. The Breds downed the Illinois Titans twice last season—28-13 and 26-6.

EIGHT STATE BRIDGES FREE OF TOLLS AFTER AUGUST 25

Other toll spans to be freed in the western section of the state are Paducah, Smithland, and Canton.

The highway commissioner said that Gov. Simon S. Willis would make the main address at Eggers' Ferry and likely would proclaim a holiday for state offices where the bridges were freed. All programs will be afternoon events, ending by 4:15 p.m.

The Company Votes Additional Shares Stock—Post War

ROBT. M. LAMB

MANSFIELD, O.—Stockholders of the Tappan Stove company voted yesterday to authorize the issuance of a 25,250 additional shares of stock to finance the firm's post-war expansion program.

It was announced that part of the funds secured from the sale of additional stock will be utilized to purchase new equipment for increased production here, while the balance will be used to construct a new manufacturing plant in Murray, Ky., which may be operated by a newly formed corporation.

The new company will be managed by Robert M. Lamb, Tappan's plant superintendent, and William E. Mabey, assistant plant superintendent, will replace Lamb here. James S. LeMunyon will become assistant plant superintendent and in charge of the Portsmouth plant.

SENATE RATIFIES CHARTER; ATTLEE IS PRIME MINISTER

The U. S. Senate ratified the United Nations Charter by an overwhelming vote of 89 to 2 on Saturday, July 28—the same day that Prime Minister Clement R. Attlee and the six senior members of his new Labor cabinet took the oath of office and replaced Winston Churchill's government in England.

Only two Senators, Langer (R., N.D.) and Shipstead (R., Minn.), voted against the United Nations Charter.

In the election July 27, Britain defeated its own great hero of the war years, declining to honor Prime Minister Winston Churchill's request that his Government carry on until the war finally is concluded.

In a landslide election, Britain swept a socialist government into power, giving the Labor Party an over-all majority which will enable it to rule independent of political coalitions.

The new Prime Minister has already joined the Potsdam Conference as one of the Big Three. But activities of the Conference are still being kept under an almost total news-blackout.

Wayne E. Gupton Writes His Sister

Wayne Edward Gupton has written of his occupation in Germany. The letter is addressed to his sister, Mrs. T. A. Key who resides in Detroit. Both Mrs. Key and her brother are natives of this county, and their friends will be pleased to have this news.

We quote: Germany, 7-20, 1945. Hello Polly, T. A. and Rudy: Here I am in a new place, we've been moving the last two days. On our way we stopped over night in Wurzburg and I was down to a river to wash a little and whom do you think I saw? Alvin Edwards Jones! It really made me feel good to see someone that I knew from back home. We had a long chat.

We have turned in all our 40 MM and 50 cal. machineguns. Now we are going to be guarding the second largest railroad yard in Germany, also we'll be riding the trains, so I think we'll be kept plenty busy.

At present we are living in tents, but will move into houses, soon as another outfit moves out. We are about two or three miles from the Rhine and about 30 miles from Frankfurt in a town called Vieschheim.

I'm pretty tired now after driving a truck for two days and didn't sleep much last night. The mosquitoes are really bad here. With lots of love, Edward

A CARD FROM

JOE H. WEAKS

Candidate For

COUNTY ATTORNEY

We, friends of Joe H. Weaks, are making this our last appeal for his nomination for the office of County Attorney in the election to be held next Saturday the 4th day of August. We know he has the ability and has proven equal to the job and is safe to be trusted to the care of this office.

He is not excited about his background and does not depend on diplomas, but upon actual experience which has been his chief teacher, and while we have nothing against his opponents, we are sure he is far superior to either one of them in experience.

He has two sons in the United States Army and we are sure that he has the full sympathy for the soldiers, as he is interested as a father. We do not think the fact that he has advanced in years renders him unfit for this office, for his experience as County Attorney together with his qualifications and equal to either of his opponents. We therefore request that you vote for Joe H. Weaks next Saturday.

Laval Surrenders To U. S. Soldiers

Pierre Laval expelled from Spain, flew to Austria and surrendered Tuesday to U. S. occupation authorities who arranged to send him over to France at once.

The former chief of the Vichy government who is charged with collaboration with the Germans, arrived with his wife in a German plane manned by German pilots and was taken into custody immediately.

France already has condemned Laval to death in his absence.

In my previous letters, and in conversation with you, I have asked for your vote. There will be much required of a County Judge during the next 4 years, and I am not at all certain that I can do justice to the demands of the office. However, I do think that I can come nearer to doing full justice to the position, and can serve you better than my opponent would be able to do. My many years of service as a county officer, the training you, yourself, have given me, enables me to know in advance most of the problems, and how to meet and solve them.

Our young men and women in the armed forces will need sound guidance during their readjustment as civilians, and the wives, widows and orphans will need some one who knows their problems, knows how to obtain full benefits for them and who is in deep sympathy with them. As a lawyer, a veteran of the first World War, and one who has given much of a lifetime in rendering just that sort of service, I am asking the opportunity to continue serving you and yours.

I regret that I have not been able to see each of you personally. I hope you will accept this letter for what it is — a personal request for your vote. If I could have seen you personally, all I could do would be to ask for your vote, for I have lived among you too long for me to try to claim any great virtues.

If elected COUNTY JUDGE, every man, woman and child will receive kind and sympathetic consideration from me, whether they be friend or foe.

Sincerely,

HALL HOOD

The increasing use of libraries in Army Posts and hospitals in conjunction with educational and recreational programs has created a need for many additional women librarians and assistants.

Applicants for the post of librarian should meet these qualifications: graduate of a college or university of recognized standing and of an accredited library school, and one year's experience in library work other than clerical. Age: 25 to 40 years.

Cadets 23, Hazel 5 After gaining a 5-2 margin by the close of the second inning, the Hazel club lost their rabbit's foot and allowed the Navy Cadets to run up 9 scores in the third, 4 in the fourth and 7 in the fifth for a 23-5 win over the Southsiders in the first game Tuesday night.

J. C. Brandon, tossing for the Hazel club, had poor support in the field as his teammates committed 12 errors. Ninemira, making his first appearance on the mound, held Hazel well in hand after the second frame and from then on allowed only 2 hits.

A.P.'s 10, Bluebirds 7 The A.P.'s and the Bluebirds fought a tough battle all the way in the nightcap affair and at the close of the sixth frame the score was tied at 2-all. Harris for the A.P.'s and Lampkins for the Bluebirds hurled good ball all the way to give the fans a fine battle for their money.

The A.P.'s went ahead in their half-seventh when Harris singled. Knappik and Newman walked and scored on a loose ball and two pitches which got away from the catcher.

Lampkins gave up 7 hits before he was relieved in the seventh by west. Harris for the Navy was touched for 6 hits.

The A.P.'s rolled up 6 runs in the first two innings while holding Hazel to a pair. Brannon replaced Maddox on the mound for Hazel and held the Anchormen to 1 run each in the fourth, fifth and sixth. Hazel was able to score but a lone run in the last 5 innings.

Batteries: A.P.'s—Harris and Sherman; Hazel—Maddox, Brannon and J. M. Platt.

Bluebirds 15, Oilers 9 The Bluebirds collected 10 hits to amass a total of 15 runs while the Oilers were nipping West for 6 hits to chase across 9 runs.

The ball game was tied up at 9-all at the end of the seventh inning. The Bluebirds came to bat in the first of the eighth with blood in their eyes and before they could be stopped had put 6 runs across the plate. They collected the 6 runs on 3 walks, 1 error, and 4 hits. Every Bluebird came to the bat in the eighth and Buchanan got his second trip before

Fathers, Mothers, Wives, Brothers, Sisters, Sweethearts of Servicemen

THAT DREAM OF YOURS IS COMING TRUE! From the battlefields of the world are coming your sons, your daughters, and your husbands, and your sweethearts. They too, have been dreaming — dreaming of having a job and a home in Calloway, where they can live in peace — that peace for which they have so gallantly fought.

LET'S BE UNITED IN OUR EFFORT TO HELP, for now is the time when they really need a friend.

Coming to Calloway soon is a large stove manufacturing company that will provide jobs for this county. If this concern does not supply sufficient jobs for all service men in need of work, then other industries will be brought here.

WE MEAN TO HAVE A JOB FOR ALL THAT WANT ONE!

THEN THERE IS KENTUCKY LAKE AND THE PARK where they will want to go with their friends and families. That lake and that park will restore to many a boy, and girl the confidence and health that they have lost momentarily.

THEN YOU SHOULD HELP by going to your voting place, even if you have to walk, and vote for T. O. TURNER, a man who is giving his time, money and experience to make their dream a reality.

He has the reputation of getting more roads for Calloway than any other man in the county. He is recognized at home and in the state as a man of integrity. He knows the direct routes and procedures to getting things done. He is vitally interested in the welfare of service men and their families, and has given of his time in aiding personally the men and women wearing the uniform of our country. He is a man who believes that "Actions speak louder than words" and is known to be continuously on the job plugging away at constructive things for Calloway County.

TO FULFILL THAT DREAM OF YOURS IS THE PERSONAL AMBITION OF MR. TURNER, who will ask no favor of you. His only desire is to serve you well.

CAPT. SAM BRUCE JONES WRITES PARENTS

Capt. Sam Bruce Jones, a native of Calloway county, and a chaplain in the Army, has written his parents, Mr. and Mrs. Wm. S. Jones who are in El Paso, Texas. The letter probably expresses the feelings of all American men who are stationed in Europe.

His parents were in the county visiting a few weeks ago, but because Mr. Jones' health required a change, he and Mrs. Jones returned to Texas. The letter is quoted:

Zwinnburg, Germany, June 22, 1945.

Dearest Mother and Dad:

There has been so little to write about since V-E day... we've moved and moved and most of our moves have seemed without any real purpose, but I am sure that the Army has had some good reason. I wrote you last when I was on the Riviera. I made the round trip by plane, and both flights were enjoyable. I saw a great deal of Germany and a portion of France from the air. Germany is the most wonderful country in Europe, and I can't understand why the Germans couldn't have been satisfied with such a wonderful place.

I had a very nice trip last Tuesday. I visited Heidelberg, and thought it a truly beautiful city. It is divided by the lovely Neckar River, and a beautiful mountain is located on the edge of the city. There is a driveway to the top of the mountain from which you can see the city, and the lovely valley below. I visited the city of Worms and saw a number of things relating to Martin Luther and his work. I was the first officer to make this trip, but since then a number of other officers have made the same trip. I'm hoping to be able to go on a number of trips like this while we are sitting around waiting for something to happen.

"As yet we know nothing for sure as to what is going to happen to us. I have found out a good while ago that worrying in the Army doesn't help, and there is no way finding out until the Army wants you to know. I hated so much to hear that you weren't feeling well at all since getting back home. Dad, I trust that you'll be heading West rather soon. I'll be glad to see you again. I'll say goodbye for a little while. Write me as often as you can. Loving you, Bruce."

To The Voters of Calloway!

LADIES AND GENTLEMEN:

Saturday, August 4th, is the time to choose your Jailer for the next four years. I haven't seen all of you: Under the prevailing conditions it has been impossible for me to do so. Therefore I take this means of soliciting the votes of you whom I have not seen and to you whom I have seen I would like to again renew my solicitation.

I realize that promises are plentiful and are as easily broken as egg shells, but upon my word of honor I promise you if elected:

1. I will keep the Court House clean.
2. I will especially put forth every effort to see that the ladies' rest room is kept neat and sanitary. It can be and if I am elected, IT WILL BE KEPT CLEAN.
3. I promise to have a deputy, an able man to help me with the work.
4. It has been said, and is true, that my wife is ill, but I have three grown girls who are efficient cooks and who are physically able to do this work. The prisoners will be fed.

Give me a chance by giving me your votes and I will live up to my promises if I have to go with a mop in one hand and drag a water hose with the other.

Yours very truly,
SETH COOPER

Improved Uniform International LESSON

By HAROLD L. LUNDQUIST, D. D., of The Moody Bible Institute of Chicago. Released by Western Newspaper Union

Lesson for August 5

Lesson subjects and Scripture texts selected and arranged by International Council of Religious Education; used by permission.

ISAAC'S HERITAGE

LESSON TEXT—Genesis 24:10, 15-20, 24-26, 61-67.
GOLDEN TEXT—I have a goodly heritage.—Psalm 128:5.

The ordinary things of life become extraordinary when we recognize in them the outworking of the plan of God. Our lesson presents one of history's sweetest love stories. It would be worth reading just for that reason, but it is also the account of God's hand in the carrying forward of His promised blessing on the seed of Abraham.

For a long time it seemed that there could be no fulfillment at all, for Sarah and Abraham had no child. Then by a miracle, God gave them a beloved son.

Isaac's remarkable deliverance in the hour when it looked as though he might be taken from his father (Gen. 22:10-12) was like bringing back one who was dead (Heb. 11:19).

He grew into manhood, and Abraham, good father and faithful servant of the Lord, determined that his son must have a godly wife. So in accordance with Oriental custom he sent a most trusted servant back to their homeland to choose a bride from their own kindred.

The altogether charming story unfolds in our lesson as we read:

I. A Faithful Servant (v. 10).

Full instructions from Abraham and an oath that he would not take a bride for Isaac from among the Canaanites, prepared the servant for his journey. Taking with him a goodly caravan and rich presents from his master, he set out on his journey.

There is much to learn here about the need of parental concern, and their interested action in helping young people to find the right mate. We see the importance of avoiding heart and mind marriages, especially those between a believer and an unbeliever.

We see the need of constant dependence on God, for only He has the wisdom and the knowledge of human hearts which can properly join two lives together. In our day when marriage is so carelessly and casually contracted, these matters need special emphasis.

II. A Fair Damsel (vv. 15-20).

To be good to look upon is certainly a desirable thing in a woman, but it has been far too much exploited in our day. Notice that while Rebekah was very fair, she also had those qualities of character and of experience which prepared her to be a good wife for Isaac.

She was kind and willing to serve; not only did she offer water to the servant of Abraham, but promptly watered his camels. Such an attitude of heart and mind is a great asset to a woman in marriage.

She was instructed in the domestic arts. The fact that she had come to draw water indicated that, and her ability to draw the water showed that she had experienced the duties of woman in the household.

Here is wise counsel for the young man who is interested in marriage, and for his parents as they guide him. Let him look for the girl with the fair countenance if he will, but let him be sure that there is something really worthwhile behind the pretty face.

No woman, no matter how extensive her culture or how rich her family, is ready for marriage until she knows something of the responsibilities of family life and has a will to do what she can for the care and comfort of others.

III. An Honorable Proposal (vv. 24-26).

Abraham's trusted man, perceiving that God had led him to the one of His choice, at once stated his errand. There was no trickery, no smooth double-talk. This was a straight-out proposal that Rebekah come with him to be the bride of Isaac.

Notice that he made known his master's financial position, and made clear the place Rebekah would occupy as the wife of Isaac. That is as it should be. There is a contractual basis for marriage which calls for complete candor and honest dealing.

But there was more here, for Rebekah ultimately responded to the dictation of her own heart when she said, "I will go" (see v. 58). It was IV. A Love Marriage (vv. 61-67).

Isaac, meditating in the twilight, presents a fine picture of a man spiritually ready to be a good husband. He had more to offer than riches. Let other young men follow his example.

The tender scene of their meeting, and of the love which welled up in their hearts at first sight of one another, needs no comment.

We do not need to say that unless America gets back to real love marriages, our nation is destined for disaster. Matrimony based on physical attraction, improper emphasis on sex, or on convenience, will never be able to meet the stress of modern life. Love can and will do it, especially where those who thus love one another first love God.

MY FINAL APPEAL

To the Democratic Voters of Calloway County:

There remains only a few days before the election. First, I want to thank each and every one whom I have been privileged to see personally for the encouragement and every courtesy that has been given me. If I have not had the pleasure of talking to you in person, will you please consider this a personal request from me to you. I determined in the beginning of my race to go through it on a high plain; this I have endeavored to do. Sometimes toward the end of the campaign, a candidate will resort to the circulation of rumors which he thinks will arouse prejudice against his opponent. I want to warn you to please beware of such a recurrence in this campaign.

If I am elected to serve you as your next County Judge, I expect to devote my entire time to the duties of the office, stressing better roads, and to be in the office to render prompt, efficient, and courteous service to all the people of the County.

The matter is in your hands. Will you not give me your vote Saturday, August 4, and help me to realize the most cherished ambition of my life.

Sincerely your friend,

P. G. CURD

What Kentucky Farmers Are Doing

J. R. Wells of Livingston county, who has about 100 acres of eroded land he plans to reforest, set more than 5,000 trees this spring.

To help prevent erosion in Breckinridge county, at least 2,000 acres of corn and tobacco will be planted on the contour.

About 40 farm homes in Monroe county had electricity made available to them the past month on Hadis Harvey of Adair county raised 30 83-pound lambs from 18 ewes.

IN MEMORY

One Loving Companion:
You left us and went away.
We miss you more and more each day, but on that bright tomorrow we will meet where there will be no sad goodbye.

Written by a lonely wife,

and the children.

BIG THREE CLOSED MEET WEDNESDAY; TRUMAN TO VIST KING GEORGE

POTSDAM, Aug. 1.—The Big Three came to the end of their historic sessions Wednesday. President Truman is due to fly to England today to meet King George VI after his last meeting with Prime Minister Attlee and Premier Stalin. He will sail from Plymouth to the United States.

It was indicated the final communique would be issued on Friday, one day after all the delegations had departed from Potsdam, with a simultaneous release scheduled in Washington, London and Moscow.

Completion of the drafting in final phraseology of the involved Big Three agreements in two languages, English and Russian, was believed to be the main task remaining. Principles of these agreements already have been decided.

The conference's survival of the defeat of the government of Prime Minister Churchill, one of the original Big Three, apparently demonstrated the solid foundation for decisions which had been reached.

The President will fly to Plymouth in the big four-motored C-54 which carried President Roosevelt to the Yalta conference and which Truman used to fly to the San Francisco United Nations parley.

MY LAST APPEAL TO EVERY MAN, WOMAN AND CHILD IN CALLOWAY COUNTY:

Since I announced for Sheriff in May of this year, I have endeavored to see every voter in the county, but due to war conditions it has been impossible. I have made a clean fight. I have not made ONE unkind statement about any of my opponents but have stood squarely on my record that I have made in the past. Nevertheless, I am aware that oftentimes some persons, in their zeal for the candidates of their choice, may either purposely or unwittingly start wild rumors and various whisperings that might influence in some way those who do not really stop to think. In this connection I want to warn all of my friends TO BEWARE OF WILD RUMORS THAT MIGHT COME TO YOUR EARS IN THESE LAST HOURS OF THE CAMPAIGN. It is my belief that all candidates and voters ought to keep cool and keep clean, and play the game fair to the last minute. Not only are hopes and plans of candidates at stake, but the reputation of a great county and a great people at stake.

Your evidence of confidence in me will be my greatest challenge to make you the best Sheriff in history.

Thank you, one and all, always,

Your friend,

J. IRA FOX

CONVERSION TO CIVILIAN USE WELL UNDER WAY

The conversion to civilian use of many articles formerly used exclusively by the Army and Navy is already well under way, Rowland D. Schell, director of the Department of Commerce's Cincinnati regional Office of Surplus Property, revealed recently.

"When the Office of Civilian Defense was discontinued earlier this year, a large quantity of air war- den white metal helmets became surplus and were later sold to local and other department stores and it was not long before they began to appear as ferneries, suspended from a number of Cincinnati porches. A large quantity of metal rods, used to support mosquito bars over OGD hospital beds has since found its way into victory gardens as supports for tomatoes and other plants. Kitchen boilers, fox hole shovels, handy tool- chests, life rafts, leather saddles, and many other surplus military items are being readily absorbed by the public and at reasonable prices. OPA has stood in the background of these surplus sales and in many instances has placed

retail ceiling prices on the items in popular demand," Schell said.

Asked why civilians have not been permitted to purchase direct from the disposal agency, Schell explained that it is the present policy of the Surplus Property Bureau to dispose of excess commodities through the channels of trade that existed before the war, thus enabling wholesalers, distributors and retail outlets to obtain merchandise with which to continue operations and maintain steady employment.

Make Kraut From Big Cabbage Crop

The Kentucky College of Agriculture and Home Economics, Lexington, recommends that some of the cabbage in gardens be made into sauerkraut.

To make it, select firm heads of cabbage, remove outside leaves and hard core. For every 40 pounds, provide 1 pound, or approximately 2 cups, of salt. Shred the cabbage and put a 3 or 4-inch layer in a large crock or wooden keg. Sprinkle it with salt in proportion to the amount of cabbage used. The cabbage and salt may be mixed before packing, adding 4 level tablespoons of salt to 5 pounds of shredded cabbage.

Using a heavy wooden stamper, stamp the cabbage and salt until the mixture is covered with juice. Add more cabbage and salt and repeat treatment until the mixture is within a few inches of the top. Cover with a clean cloth, then a plate weighted with a heavy rock. Keep the cabbage covered with brine all the time. Every few days, remove the scum and wash the plate, weight and cloth in hot suds, then scald them.

Fermentation begins almost immediately and proceeds according to temperature. In very warm weather, bubbling will stop with-

Port Huron Soldier Is GI Baby Champ; Wins Race By a Head

Pfc. Wilbert L. (Pops) Fleury, 38, a former Port Huron letter carrier, stands today as the army's champion father—and he has Mrs. Fleury and 13 little Fleuries to prove it.

We recently printed a war department release that had named Cpl. Chester J. Barrett of New Hampshire as champion father when his wife gave birth to twins in May, bringing the total to 12, but "Pops" Fleury had him beaten from the start. All the Fleury children were here and in good health before "Pops" volunteered for induction on Memorial Day, 1944.

Pfc. Fleury is worth \$352 per month to the Army. He gets \$32 a month for himself, \$80 for his wife, \$30 for the first child and \$20 for each of the other 12 children. Roderick, the family cocker spaniel doesn't get an allowance.

Smith Brothers Take Prizes With Cattle

Clifford and Leon Smith, who live three miles southeast of Murray on the Concord highway, won two prizes with their cattle at the West Kentucky Fair at Paducah last week.

The brothers entered Dimple Domino, a Hereford which won the senior female championship, and Super Advance II, a Hereford bull which won the junior bull championship. The junior champion female was also owned by the Smith brothers.

J. B. Cammack is the first Montgomery county farmer to make ensilage from alfalfa.

In 8 to 10 days. When fermentation is completed, pack cold ensilage in clean sterilized jars. Seal jars according to the type used, then process for 30 minutes in a hot water bath, or for 5 minutes in a pressure cooker at 10 pounds.

More Fish Story — "Seeing Is Believing"

Paul Dailey, undertaker at Hazel (standing on the left) and Charlie Brewer, well known sportsman, are shown holding their catch of fish from the Kentucky Lake. The big cat weighed 71 pounds—one of the largest that has been reported in this office. The two men made the catch Friday, 13... how about that for superstition and fishermen's luck?

4-H GIRLS WASTE NOTHING; REMODEL OLD WARDROBES

Farm family wardrobes are undergoing a thorough remodeling these days. Old clothes are not only being conserved, but transformed. Dad's discarded suit may make an outfit for daughter. His old dress shirts may blossom out in new coloring as women's blouses. Even his neckties may turn up in some form of feminine apparel. Use is made of every old garment after it's repaired and cleaned.

These conservation ideas are practiced by rural girls enrolled in the National 4-H Clothing Achievement program. Among its objectives is "to develop initiative

and imagination that will enable one to use to best advantage all available clothing material." The program not only encourages participants to develop their creative abilities, but to achieve outstanding records for which they will receive special recognition.

Recognition will be in the form of merit awards donated by the Spool Cotton Company's Educational Bureau. They include silver medals to county winners, National 4-H Club Congress honors to each state's champion, and \$200 college scholarships to 12 national winners.

TO ALL OF THE
PEOPLE
OF
CALLOWAY
COUNTY:

With the American Navy bombarding the Japanese homeland, it seems fairly sure that our boys will be looking for a way to make an honest living in old Calloway by the beginning of the year of 1946.

We, the friends of PFC. CHARLIE L. LASSITER have come in the last days to ask for your support for him for the office of Circuit Clerk, subject to the primary election on next Saturday. We have come to ask and beg for your support so that this soldier might have a way to help support his aging Father and Mother.

Many people have responded to our call for help since it was made known Charlie Lassiter would be a candidate. We would like to quote just a few words from a friend of Pfc. Lassiter, who has a son of his own assigned to the occupation force in Germany: "Charlie, I was proud to hear you were entering the race for Circuit Court Clerk. You should run a good race, and I am obligated to you more than anyone else. You have always lived a life that any young man wouldn't be ashamed of. I think you are just the type we older generation should get behind. You will receive my full strength in support. You will not have anything to worry about from us on election day. I should know your life as a Christian gentleman." Those words come from a gentleman who has known Pfc. Lassiter since childhood. They were written to him without asking, as you know Pfc. Lassiter isn't permitted to ask for your votes.

In the closing days of the campaign our friends inform us there might be some unfair means to defeat Pfc. Lassiter. Usually when a campaign draws to a close an effort is made to defeat the man who they think is the winning candidate. But the voters can be on the look-out for this false propaganda that may be spread on the eve of the election. With his hands tied, Pfc. Charlie Lassiter will be up late waiting for this telegram:

WESTERN UNION
AUGUST 4, 1945
MURRAY, KENTUCKY
12:00 MIDNIGHT

DEAR SON:
CALLOWAY COUNTY HAS RESPONDED TO OUR CALL FOR HELP BY ELECTING YOU CIRCUIT COURT CLERK. WE KNOW YOU WILL JOIN WITH US IN SINCERE THANKS FOR THEIR KINDNESS. MAY GOD BLESS ALL OF YOU BOYS. LOVE,
MR. AND MRS. J. L. LASSITER

If any of you good people haven't any personal choice, won't you help this young Soldier whose billfold is empty.

In conclusion we want to thank you for the tremendous response you have given this Soldier boy. For six years of honest, sober and efficient service, elect a young man who has never known what it was to win. THE EYES OF YOUR LOVED ONES ARE RESTING ON YOU FOR A FAVORABLE VOTE FOR PFC. CHARLIE L. LASSITER FOR CIRCUIT COURT CLERK.

(Signed) Friends of the Serviceman.

WITH THE 26TH INFANTRY DIVISION IN ASSEMBLY AREA COMMAND, Pfc. Lewis E. Chapman, son of Mrs. Opha Culp, is assigned home from the European Theater of Operations with the veteran "Bloody Bucket" Division, which in eight months saw vicious combat action from Normandy's hedgerows to the heart of the Reich.

After its November fight in Hurtgen Forest, the 28th moved to the "quiet" Luxembourg sector. On December 16, it caught the full force of Von Rundstedt's Ardennes offensive. Quickly recuperating, the 28th moved south to help liberate Celer in Alsace and drive to the Rhine. Within a month it was again at the Rhine near Coblenz.

SGT. H. P. KESLO WITH 65TH DIVISION IN GERMANY

ABOARD A U. S. DESTROYER ESCORT IN THE ATLANTIC—Lloyd T. Ratterree, Jr., 22, fire controlman, second class, USNR, New Concord, is a "Plank Owner" of this ship, having served aboard since its commissioning.

The term, "Plank Owner," refers to the Navy tradition which permitted every man serving aboard ship, at the occasion of commissioning, to put his name on a plank in the vessel's hull. Though the days of wooden ships are gone, the tradition is preserved on modern men-of-war by issuing each man a certificate identifying him as a "plank owner."

Ratterree's duties aboard ship are primarily those of maintaining in correct operation gunfire control equipment. He also is responsible for keeping numerous records and logs on the equipment.

He is married to the former Carmen Gonzales of Tampa, Florida, who is now living at 1971 Grand ave., Bronx, N. Y., and is the son of Mr. and Mrs. L. T. Ratterree of New Concord. Before entering the Navy in March, 1943, he was graduated from New Concord High School and was employed as a machinist at the Pratt & Whitney Aircraft Plant in Hartford, Conn.

Sgt. Hugh P. Keslo, 20, son of Mr. and Mrs. Ertle Keslo, Murray, is still stationed with his veteran 65th Infantry Division in Germany.

Sgt. Keslo went overseas in January, 1945, and landed in Le Havre, France. He fought with the 65th Division, which battled its way across France and Germany until it met a Russian parachute division on May 9.

Once Sgt. Keslo was thrown from a tank and suffered broken ribs, he was hospitalized for about six weeks. He has been awarded the Good Conduct Medal, the Combat Infantryman's Badge, and the ETO ribbon with two battle stars.

Sgt. Keslo was drafted by the Murray board in October, 1944, and was trained at Camp Shelby, Miss., and Camp Shanks, N. Y.

J-5 A. B. WATERS ENROUTE HOME WITH VETERAN UNIT

WITH THE 26TH INFANTRY DIVISION IN ASSEMBLY AREA COMMAND, J-5 A. B. Waters, son of Mr. and Mrs. News Waters, Murray, Ky., is enroute home from the European Theater of Operations with the veteran "Bloody Bucket" Division, which in eight months saw vicious combat action from Normandy's hedgerows to the heart of the Reich.

The 28th quit its occupational duties in Germany July 16th and moved to Camp Pittsburgh, one of Assembly Area Command's 17 redeployment camps near Reims.

Entering action July 30, 1944, at St. Lo, the "Bloody Bucket" men battled across Normandy, paraded through Paris, proceeded east through Belgium and Luxembourg, and smashed into the Siegfried Line September 11th, the first troops to enter Germany in strength.

After its November fight in Hurtgen Forest, the 28th moved to the "quiet" Luxembourg center. On December 16, it caught the full force of Von Rundstedt's Ardennes offensive. Quickly recuperating, the 28th moved south to help liberate Celer in Alsace and drive to the Rhine. Within a month it was again at the Rhine near Coblenz.

J-5 Waters holds the following decorations: ETO ribbon, with four Battle Participation Stars, Good Conduct Medal, Unit Meritorious Service Award.

PVT. MYRON CULP FINDS NO CROCODILES ON MINDANAO—BUT PLENTY OF JAPS

WITH THE DIXIE DIVISION IN MINDANAO.—(Special)—In the longest inland water thrust of the Philippines campaign, Pvt. Myron

Culp of Murray, Ky., has been carried 80 miles up the twisting Agusan River and its tributaries with his 31st Infantry Division unit to deny the Japs a place of refuge even in Mindanao's mosquito-infested swamps.

In less than two weeks of scattered contacts they had killed more than 100 of the enemy.

The infantryman, husband of Mrs. Earline Culp of Route 4, Murray, Ky., and a newcomer to the 31st from the States, found no head hunters or crocodiles as he had been led to expect; instead were hundreds of organized guerrillas eager to aid in killing Japs. Artillery pieces were hauled from barges up the steep-river bank, tons of supplies were unloaded by hand, and a muddy banana grove

was transformed into a base camp. While 20 shallow-bottom supply barges piled the sometimes even shallower river, needing rain almost daily for navigation in its upper reaches, the mission for G.I.'s and their Filipino comrades-in-arms in this remote spot remained the same.

It was, in the words of rifleman Culp's colonel, "to stay here until we kill all the Japs."

TO THE VOTERS OF WADESBORO DISTRICT

The time is drawing near to the Primary Election, as there are only a few days left. I have not been able to visit all of your homes, but I have seen the most of you. If I fail to see all of you, please go to the polls and cast your vote for me. However if you do not, I am still your friend. As you know I am not making any promises just before the election. The only promise that I want to make is that you elect me and I will give you my best service.

LEE BARNETT

James G. Wilson For SHERIFF

TO THE VOTERS OF CALLOWAY COUNTY

As you know, there has been very little done in the campaign for JAMES G. WILSON. I have visited most of the country stores and have tacked up some cards on the roads. I have tried to make anyone feel that they should vote for James on my account regardless of anything I may have done for them.

A chairman of the AAA Committee, the Transportation Committee and the Farm Machinery Rationing Committee, I have had contact with almost everyone in the county in the last three years. Because I have tried to be nice to all, I have not electioneered with very many people for fear they might think I felt like they should vote for James. No one in the county owes James Wilson a vote for anything I may have done for them; he is the man that is running for Sheriff on his own merits and qualifications.

I want to thank you who have talked to me and promised to support James—that has kept my hopes up.

At this time James is in the Philippine Islands at Manila, patiently waiting for the critical score of points to be settled. He will have enough points for a discharge the last of August as they now stand.

James will be waiting to hear the results of the election and whatever the decision of the people may be, he will not have any hard feelings toward anyone, for if he had, related you will have a chance to vote for him in 1949. Weigh carefully any last minute rumors or anything that may be in the papers this week.

Respectfully,

Q. D. Wilson

HOW SMART PEOPLE AND JACK BENNY LATCH ON TO THEIR MONEY

by Fred Allen

1. Smart people hang on to their money by buying War Bonds—and holding them. Jack Benny does, too. But don't let that stop you. Buy some anyway. All high-class people do this. For example, I do. Lowlifes like Benny imitate us upper-crust denizens by buying Bonds just so they can get their picture in the *Police Gazette*.

2. Among circles, it is no longer considered *à la tripe* to trip up the waiter or cash in your bonds. In these circles, in which Benny is a square, it is also deemed a *tripe*—that's hog Latin for sloppy—to *dur* feet in the finger bowl. When Benny is out, he'll probably be so embarrassed break down and start wearing shoes.

3. The boys coming back from Europe and breathlessly and dangle a medal around your neck for buying War Bonds, but you can bet your bottom Jap yen they won't give you the water cure, either. They know the importance of Bonds—they buy enough every month themselves to make Benny's toupee turn green.

4. The laziest way in the world to make extra money is to let those War Bonds accumulate interest. You get back 133% on your original investment in ten years. So let all your spare cash snooze away in War Bonds. If you must tuck something under your mattress, try your mother-in-law.

5. And don't think because your Aunt Crack-throat's tea leaves spelled "rat" last Sunday that the end of this war is in sight. It's not even within swooning distance. So make like Benny and pinch that penny. Or, as the farsighted zoo keeper said to the careless elephant keeper, "Till V-J day, hoard that hay!" Then, keep hoarding till the Bonds mature.
